

How Can **Multi-Stop** Help You?

Dispatch's Multi-Stop feature allows you to make multiple stops — delivering up to 10 drop-off locations within 60 miles of the initial pickup point.

Keep your overhead costs low and expand your business's delivery capabilities without investing in additional assets.

Let **Multi-Stop** fulfill your route-based delivery needs!

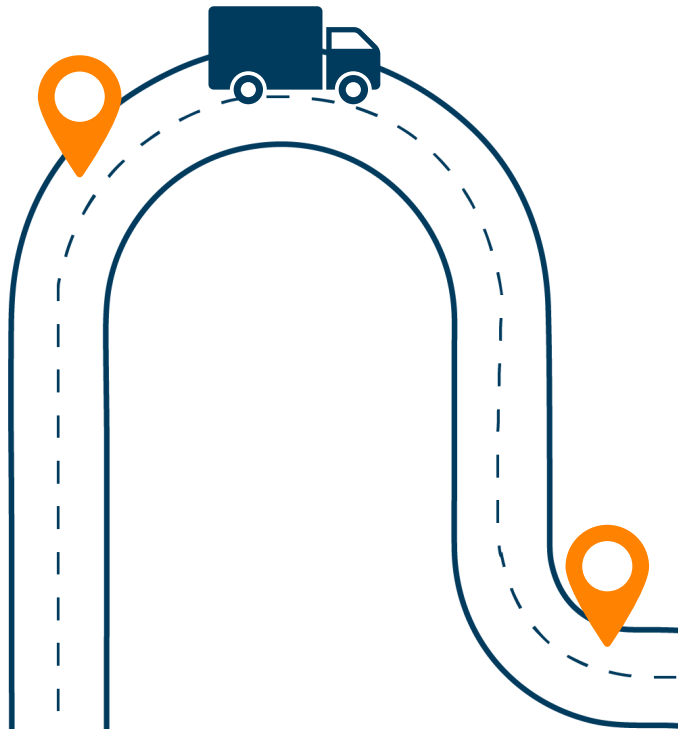

Efficient

- Reduce load times
- Lower emissions with optimized routes
- Maximize vehicle capacity
- Fewer miles driven

Cost Effective

- Save up to 25-50% vs single-stop orders
- Prorated minimum fares

Convenient

- Single driver point of contact
- Optimize your logistics
- Proof of delivery at every stop
- Real-time driver tracking

Start gaining more visibility into where your parts and packages are and Deliver More* with Dispatch.
